Chitradurga, Karnataka, India

Professional Summary

Motivated Computer Science Engineering student with hands-on experience in Python, Java, C, and MySQL. Built AI-driven full-stack applications including an LLM-powered medical diagnostic chatbot and browser-based e-commerce/recommendation tools. Strong analytical and problem-solving mindset with a growing foundation in data analytics, eager to contribute as a Customer Success Engineer Trainee in a fast-paced technology environment.

Experience

AI Medical Chat Bot

Full-Stack Developer (Python, Streamlit, LLM)

- Developed a full-stack web application using Streamlit for the frontend and a Large Language Model (LLM) backend, entirely in Python.
- Engineered medical image analysis capabilities to interpret X-ray, MRI, and CT scan inputs for preliminary diagnostic insights.
- Built automated medical report analysis functionality to extract and summarize key health information for end users.
- Integrated a nearest-hospital locating feature to connect users with relevant healthcare facilities in real time.

Final Year Project

Chitradurga, Karnataka

Smart Shopper Price Comparing Tool

Chrome Extension Developer

- Designed and built a Chrome extension that compares Amazon product prices against other e-commerce platforms in real time.
- Implemented price-matching logic to identify the lowest available price, improving purchasing decisions for online shoppers.

Personal Project

Chitradurga, Karnataka

YouTube Movie Recommendation Tool

Chrome Extension Developer

- Built a Chrome extension leveraging the YouTube Data API v3 and Gemini API to recommend movies based on user preferences.
- Implemented filtering logic based on language, release time, and view count to personalize movie recommendations.

Personal Project

Chitradurga, Karnataka

Skills

Languages: Java (Core), C, Python, HTML, SQL/DBMS

Tools & Platforms: Streamlit, Chrome Extension Development, MySQL

Concepts: Data Analysis, AI/LLM Integration, API Integration

Soft Skills: Teamwork, Problem Solving, Creative Thinking, Effective Communication

Education

S.J.M. Institute of Technology

Bachelor of Engineering in Computer Science and Engineering

2026 – Pass out
